At the summit, which was attended by more than 1,000 delegates from around the world, the delegates agreed that the global sex industry is one of the largest sources of human trafficking. They also called for increased efforts to combat the demand for sex workers, both domestically and internationally. The delegates further agreed that governments and international organizations must work together to address the root causes of trafficking, including poverty, lack of education, and lack of opportunity. The summit also highlighted the importance of addressing the impact of trafficking on victims and their families, and called for increased support for survivors. Overall, the conference was a significant milestone in the global effort to combat human trafficking and ensure the rights of sex workers.
